Carruth Cellars is an Urban Winery, in other words, we buy grapes from the country and make wine in the city - we call it Bringing Grapes to the People! The fruit is harvested from Northern and Central California. After harvesting it's loaded on temperature controlled trucks and transported to San Diego. We do all wine production (destemming, crushing, fermenting, aging, and bottling) in our urban facility by the beach in Oceanside, CA.

Our award winning wine is made with LOVE & GRATITUDE for all who help make it happen!
